

PiVerb Advanced Course: June 15th onwards

A year long course designed to help build math intuition.

What is the PiVerb Advanced Course?

PiVerb Advanced is a one year online course designed to help improve the students' math intuition. Throughout the course, we focus on application depth based on the concepts they are already taught at school instead of introducing concepts from higher classes.

If you want your child to have a shot at **Olympiad**, **JEE** or SATs this course ticks the boxes. Anyone who wants to add **critical thinking** is welcome.

Who teaches at PiVerb?

Rajesh Balasubramanian

Rajesh is a graduate of IIT Madras and IIM Bangalore. He has scored 100th percentile in CAT on 4 occasions. Rajesh is a passionate math teacher and has two decades' worth of teaching-experience.

What does the course contain?

1

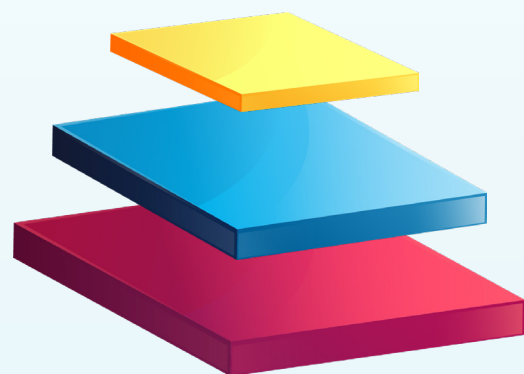

School Buddy

School Buddy focuses on concepts + rigor, helping you ace your school math.

2

Intuition Builder

Helps children arrive at the ideas behind math concepts intuitively.

3

Olympiad Series

Hand-picked questions from international olympiads, presented in a test + discussion format.

How is the course delivered?

The course is delivered fully online. **School Buddy** and **Intuition Builder** are available in a video + slides format that lends itself for self-paced learning for the students. The test + discussion classes of the **Olympiad Series** will be conducted **live** once a week. These lessons will also be available in a recorded format to learn on their own time.

Course Schedule

1 year

The course will be available for **one year** and students can learn from the course at their own pace.

Weekly live classes. Each live session will have a **non-routine problems** based test followed by discussion.

Test discussion – Live class schedule:

Course Begins June 15th

Level 1 – Grades 6 & 7 Thursday 7PM – 8PM

Level 2 – Grades 8 & 9 Tuesday 7PM – 8PM

Student mentorship

Each student at PiVerb will be assigned a mentor. The role of the mentor is to ensure that students consume the course in a disciplined manner. This is done by sending regular reports to parents and being a ping away from students on whatsapp and discussion boards
