Avyukt, Student

"PiVerb is a fun math program that I have been doing for almost a year now.

The questions are great and very different and the explanation given by Rajesh sir is outstanding"

Aparna, Stanford (Parent)

"I am elated that my son gets exposure to PiVerb at such a young age.

PiVerb has kindled his math interest making him approach math differently"

Achyut, Student

"PiVerb teaches me ways to solve problems that schools don't teach.

It is fun also while learning something new.
Rajesh sir is an amazing teacher"

Syllabus

Basics of number theory, counting & logical reasoning abilities that students already possess

Content

1. Daily live online class
2. Daily Test & Detailed Solutions
3. Recorded content to revise
4. 50+ practice questions
